

# Cambridge House Hotel & Residences

**Location:** Mayfair, London  
**Type:** Hotel & Residences  
**Project Value:** £920,000.00

# Cambridge House Hotel & Residences

Ventol were tasked with the supply & commission of the CCTV, access control, video intercom and intruder alarm systems within the grade 1 listed Cambridge House Hotel. The hotel consists of 102 rooms and 7 residences across five floors. Our in-house, fire & security engineers completed the full commissioning process within a tight programme.

## Scope of Work

- Issue site specific risk assessment and method statement.
- Installation of 405 separate I-Pro cameras centrally controlled via a bespoke video management system.
- Installation of hardwired and wireless Salto access control locks throughout the front and back of house areas.
- Installed 8 independent intruder alarm systems
- Installed video intercom system throughout the building.
- Tested and commissioned all systems on completion of works.
